MLB-MLBPA Youth Development Foundation
Grant Application
Letter of Inquiry Instructions

MLB-MLBPA Youth Development Foundation (the "Foundation") is a joint initiative between Major League Baseball and the Major League Baseball Players Association. It was created to increase participation in and expand access to youth baseball and softball. The Foundation makes grants to organizations in the United States and internationally. The Foundation accepts applications throughout the year, and grant decisions are made by its Board of Directors on a quarterly basis.

What do we support?

The Foundation considers requests for a variety of purposes including funding capital projects (e.g., field renovations), baseball/softball programs, and education initiatives.

- Capital projects include: building and renovating fields and practice facilities and installing lighting.
- Baseball/Softball programs include: in-school/after-school baseball/softball programming, equipment and uniforms, umpire fees, player registration fees and practice facility rental fees.
- Education initiatives include: programs, exhibits and other learning opportunities that use baseball and softball as its primary focus to promote interest and engagement in the game.

What we do not support?

- The Foundation does not support annual operating expenses including, but not limited to, fundraising costs, salaries, insurance costs, administrative expenses, membership dues, advertising and promotional expenses, bank charges, audit expenses, and other third-party overhead costs.
- Fields used for sports and activities other than youth baseball and softball.
- Travel teams, except for those serving low-income players.
